

Falls Prevention for Older People

Overview:

Falls prevention should be on everyone's agenda and pharmacy professionals must play their part alongside all other services and organisations, to ensure the vision of Wales is delivered.

It is estimated that between 230,000 and 460,000 people over the age of 60 fall each year, and this is greater for those over 75.

Learning outcomes:

- ✓ Understand how pharmacy can contribute to enable older people to live longer in their own homes
- ✓ Understand how to support older people to remain active and maintain their health and wellbeing

Designed for:

All patient facing members of the pharmacy team

Speakers:

A variety of organisations will be presenting, including:
Age Cymru, Care & Repair Cymru, RNIB, Fire & Rescue, Chartered Society of Physiotherapy, Public Health Wales, National Exercise Referral Scheme (NERS), and Local County Councils
